

---

To Whom It May Concern,

It gives me great pleasure to write this letter with the highest level of respect and recommendation. ROM Paint Ltd has been a trade partner of ours for 8+ years and will continue to use going forward in ALL our projects. Throughout their years as a trade partner to Wolf Custom Homes, ROM Paint Ltd has played a vital role in helping us achieve many goals, shown success and played a huge part in our branding for which we are grateful. In all the years of knowing and working alongside ROM Paint LTD I cannot see many faults. His abilities, enthusiasm, energy, attention to detail, craftsmanship, professionalism, concierge service and workmanship are just a few of his company's best attributes.

ROM Paint has been extremely efficient and very competent on each and every project. They successfully finish all tasks by or before the deadlines or timeframes outlined. They are organized and have never missed a deadline or appointment. They are thorough, concise, patient and detailed. Justin and his employees have made an absolutely amazing working partnership to which we are thankful.

I can truthfully speak on behalf of anyone who knows, has worked with and or anyone who's had the pleasure of knowing ROM Paint Ltd that they are truly valuable and an asset to ANY company requiring their services.

On behalf of myself and everyone here at Wolf Custom Homes, ROM Paint comes with the highest recommendation and without a doubt you and your company will be very fortunate if given them the opportunity.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shaun Mckernan", with a large, sweeping flourish extending to the right.

Shaun Mckernan

Owner/VP
